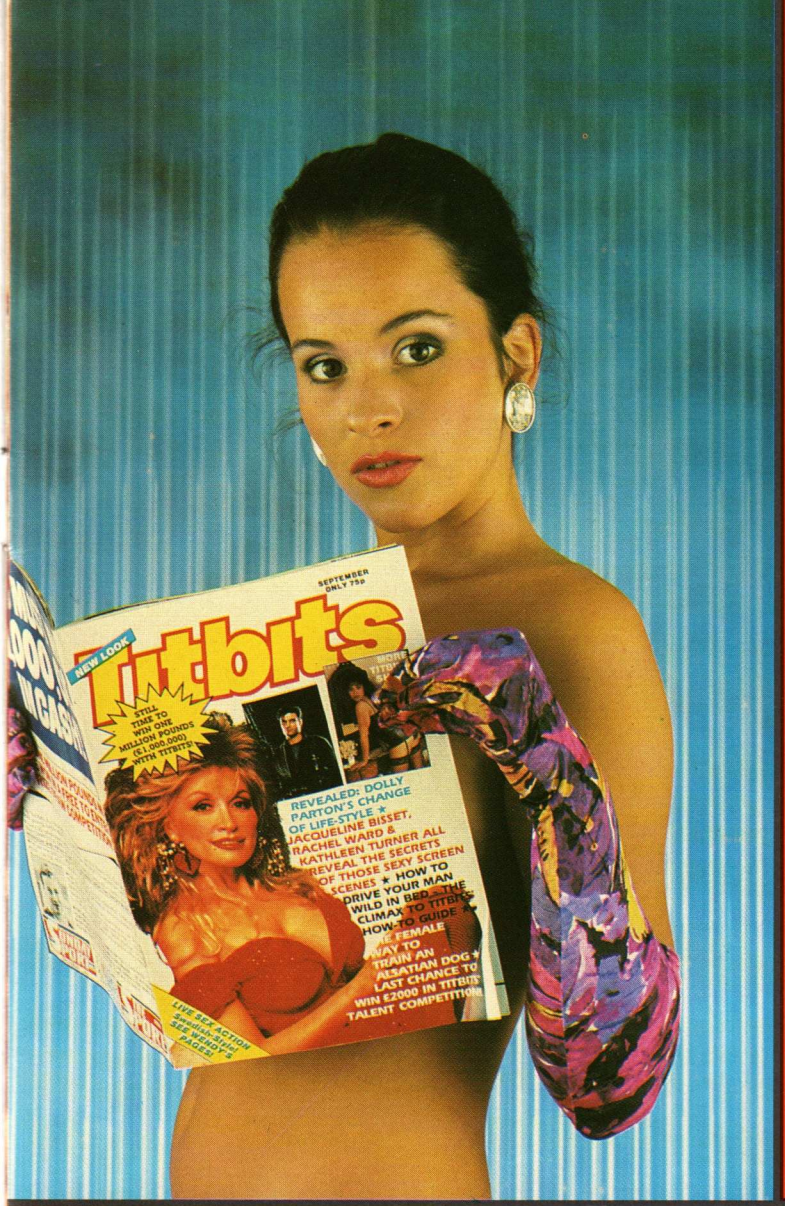
We would like to warn all potential purchasers of this magazine that it contains explicit photographs of both male and female genitals and material of a highly erotic nature, only suitable for extremely broadminded adults. We warn you of these facts as it is not our intention to solicit orders from anybody who may be shocked or offended by this type of magazine.



EMILY REVEALS HER TITBITS

★ 20 year old Emily Muir is rather disappointed with the latest issue of TITBITS. "I was hoping they'd show my naughtiest photos, but evidently Titbits is a "family" mag, and my pussy isn't considered suitable for publication—which was why I came to you bunch of pervos at Playbirds!"

★ OK, so Titbits may not be the most explicit mag on the news stands, but it more than makes up for it with its numerous features on sport, sex advice, its XXX-rated Agony Aunt page, its kinky 3-girl "Consultation" session, not to mention the regular £1,000,000 cash competitions.

★ Want to get involved? Then why not order Titbits on a monthly basis? You never know, you might become the first Titbits millionaire!

An X-rated message from
MARIANNE
a 23 year old blonde from Beconsfield with a thing about stroking her clit in front of sex-starved Playbirds photographers! "Let me seduce you, PLEASE let me seduce you!" she purrs, rubbing herself into a frenzy. "I'm into initiating men like you into my kinky sex games. THRILLING TOUCHES

Here is an interesting little sexy story which came our way, we think you'll like the hard sex aspect of it...

She stood there, naked in the sunlight. Her long fair hair gleaming as the sunlight bathed her in its glow. She smiled and then turned and walked over to the edge of the swimming pool and then dived in.

I walked over and stood there and watched her swim, and the sun beat down and in the far distance the mountains rose from the plain and the green trees spread out across the plain and the heat waves shimmered from the tarmac road that cut through the pass high in the hills.

The villa was white and cool, cool inside, but hot as hell outside. Spain in mid summer, even in the hills, is a hot as hell place.

Sue clambered from the pool and then walked into the cool of the villa. I followed her, and she picked up a towel and wiped herself.

She was beautiful. I'd been driving down to the villa the day before and she'd been hitching a lift down to the coast.

I'd been really taken with her and had managed to get her to stay with me at the villa for a couple of days. So far I hadn't fucked her. She'd spent last night in a spare room. I didn't mind. I had all the time in the world.

Then, this morning, as I went out to the pool there she had been, naked. Her firm breasts were just the right size, tipped with coral coloured nipples that were so stiff that when you looked at them your mouth watered, and watered so much you almost drooled. Those nipples begged to be sucked, and sure as hell I was going to get there. I had made a pledge with myself.

Her legs were so long they seemed to go on and on for ever and ever, and between those legs was a small bush of fair curly hair, and peeking out through the strands were pink lips, and those lips were damp from the pool, or were they damp from pleasure? It was hard to say.

We had breakfast together. She was still naked. I didn't make a pass. I thought I'd leave things to her. After eating I went out to the pool and sat down and looked down across the valley from the high viewpoint of the villa and across to the hills.

She came and sat next to me, still naked. "The view is wonderful," she said.

I nodded. I was now looking at her, at the perfect curve of her breasts and at the tight stiffness of her nipples. I could feel my cock starting to get hard.

"I feel like a screw," she said. "Would you be so kind as to screw me?" and with that she went back into the villa.

I followed her and found her in the open plan lounge and she was stretched out on the thickru sheepskin rug by the open fireplace.

Her legs were apart, and her right hand was down at her cunt, and she was gently and slowly playing with herself.

I took off my shorts, and I was now naked, and my cock really stuck out in front of me. She smiled and said: "Now that is the sort of prick that I love to have inside my tight cunt hole."

"Are you tight?" I asked.

"See for yourself," she smiled, and then both hands were down at her cunt and she was spreading her pussy lips as wide as they would go.

I didn't need a second invitation to look inside her cunt, and I went down on her and she stretched those flesh pink lips open even wider and juices gurled out over her fingers and a sweet sexy scent filled the room.

"Look," she said. "Don't you think I'm wet and tight and really lovely and sexy inside my cunt hole?"

There was only one answer to that, and when I nodded and said it was wonderful, I wasn't lying. She was just great, really sexy and pink and really tight and wet, just like she said.

"Look as long as you like, it turns me on when a man stares into my cunt," she said.

So I looked for a long time, and got randier by the second as I did so. More and more bubbly juice came out of her pussy.

She took her fingers away, she still stretched out there on the carpet, and now her hands were at her face and she was slowly lapping her juices from her fingers with her tongue.

"Fuck me," she said, in a quiet voice, "I really do want your cock inside me."

Well, I suppose the sucking and the other things could come about at another time, I thought. She was wet, and I was rock solid and hard, and so I just got on top of her and pushed the full length of my prick all the way into her cunt hole.

She let out a huge shuddering shout of pleasure as she felt the hard heat of my cock go into the wet tight depths of her cunt, and her arms went round me, and she shook and she convulsed as she climaxed over and over again.

"Your cock feels so big, so huge, so lovely in my cunt," she said, and then she started to jerk up and down just a little, and she made it obvious from that just how fast she wanted the fuck to be.

So, I went as fast as she asked, which was pretty fast, and it was sheer pleasure to bang my cock in and out and feel her juices bubbling deep.

The white walls of the split level lounge reflected back the sunlight from outside, but only part of that huge room was bathed in sunlight, the rest was in cool shadow.

that really was a great deal, and then the very last drop of sperm dribbled from my cock and went over her right nipple.

She had another orgasm, and then, when I had moved to one side, she sat up and then she looked down at her tits and she smiled, and her hands went to her boobs and then she slowly rubbed the spunk into her skin.

Well, most of it, for she left one huge blob on her left nipple, and she pushed her tit up as far as it would go with her fingers and then she bent her head down, and then she opened her mouth and she took that spunk coated nipple into that mouth and she sucked gently on it, and then she had another orgasm as she swallowed down the sperm that had been sticking to that stiff red nipple of hers. I don't think I will ever forget the sight of her sucking away on that nipple.
Mr. B.L., Cirencester.

Dear Editor,
I'm fed up with reading letters from people who say their wives or girlfriends won't do this or that, won't suck cock or won't make up a threesome.

Instead of moaning about it they should do something about it. In fact if they visited their local sex shop a bit more they might find things a lot easier.

I mean that. You see, each time I've had a problem with a woman I've rushed down to my local sex shop and more often than not they have come up with the answer for me.

Let me give you a few examples. Kate, a lovely girl, wouldn't play with herself in front of me. Now I happen to like seeing a woman wank off, it sort of sets the tone for an evening of sexual pleasure.

I went down to the sex shop, had a look at their latest sex aids, had a chat with the manager, and then I bought a penis shaped dildo.

Well, Kate like being fucked. So the next evening when she came round, I gave that dildo to her as a gift, and her eyes lit up, she said she had never seen anything quite like it, and then a look of lust appeared in her eyes and she said she just had to try it out right away.

And there she was, a few minutes later, stark naked on the bed, her legs wide apart, and she was pushing that thing in and out of her lovely pussy hole just as fast as she could make it go.

Then there was Rose. She was frigid at times. There were times when she would do anything and everything, and there were other times when she wouldn't even touch my cock. Well, the times she would be in the mood to do anything were really great, but the other times were lousy. I wanted something for those other times, so it was down to my local sex shop to see what they had on offer.

I again looked at all their sex aids, and at the sex books and had a chat with the guy there, and then I bought a small bottle of ***Spanish Fly Drops.***

They worked, and how. A few nights later, Rose said she didn't feel like sex, that there was no way she wanted sex, and that nothing I could do would make her want to fuck with me.

When she wasn't looking I put a few drops of the stuff into her coffee. She had her coffee, and then ten minutes later her eyes filled with lust and she was gasping out that she just had to be fucked, and she ripped off hr clothes, helped me off with mine and then we fucked right there on the carpet in the lounge.

She gasped out that she had never felt randier or hotter in her life, and as my thick cock went up into her cunt hole, so she had a massive series of climaxes.

She was like a wild thing as I fucked her, and when I at last shot my spunk into her, well, she just about went out of her mind with pleasure.

Yes, those drops really worked. Okay, so the drops and the dildo might not work on every girl, but let's face it, it's worth taking a chance. After all, if you don't try something then you'll never know if it works.

The sex shops in this country have all sorts of things from books and magazines to sex aids, potions and lotions. I have found that selecting the right thing from my sex shop always helps me when I have a problem with a woman. I suggest that any of your readers who are having a bit of a problem with their sex lives could do a lot worse than go down to their local sex shop.
T.R., Watford.
Sounds like good advice to us. You'll find a full list of approved sex shops in the pages of this magazine. Just look out for the adverts . . . editor.

Dear Editor,
I was at a friend's party, there were about twenty or so people there, and everyone was having a really great time, when one of the girls, a blonde called Fiona, got on the coffee table and started to undress.

Of course, we all cheered her on, and soon she was naked. Everyone started to feel randy at this stage, and I saw some of the girls at the party starting to touch the men they were with.

Fiona then started to play with herself, she stood naked on that coffee table, and we were all gathered round, and she started to run her fingers all over her breasts, her really large breasts, and then she began to pull at her nipples.

The girl I was with—it was my first date with her started to run her right hand up the front of my trousers, and I was enjoying this.

Fiona, on the table, then placed both her hands under her right tit and lifted it up so that she could suck her own nipple.

"I can do that," said the girl I was with.

"Let me see then," I said.

Now I'd never been out with this girl before, her name was Erica, and she had said before I took her to the party that she never fucked on a first date, but now, thanks to Fiona on the coffee table, it looked as if I was going to get my end away with Erica.

spray, and it contains Pheromones, which is the scientific name for the thing that attracts women to men.

Yes, it is amazing, you spray the stuff on and it is supposed to attract women to you. Well, that's what it said on the package. Of course, I didn't really believe it but now that I have tried it, I have to say that it works.

Of course, it doesn't work for every women, that would be impossible, but it does work for most of them. Let me tell you how I know.

I have had no luck with women for ages. I have a spotty face and a big nose, women don't want to know. They sort of walk across the road to avoid me.

I got this product, sprayed it on, and hoped that it would work, hoped that it would attract women to me. I sprayed it on, and went down the street and then stood by this shop window.

Within seconds this woman had stopped and was talking to me. She was asking me the way to the town hall, but it was obvious she was only using that as an excuse.

After she had walked away, two more women stopped and just talked to me about this and that, and you know, within twenty minutes, no less then seven women had stopped and made some excuse to talk to me.

It had to be the product, it couldn't be anything else. Well, that night I have it another try, and I sprayed it on and then went to the local disco.

Now the last time I'd gone down there not a single woman wanted to dance with me, but this time round I was just about rushed off my feet with women who wanted to get out on the floor with me.

Last time I had been there not one single woman had said I could take them home, but this time round, seven of them, yes, seven, wanted to go with me. I can only put it down to that product.

Then, Betty, a girl who had never even wanted to speak to me before, a girl with long golden hair, blue eyes, and a stunning figure, a girl everyone wanted to fuck, came over to me, sniffed the air, her eyes filled with lust, and said that if I wanted to fuck her I could.

We went to her place, me with my big nose and spotty face, and I asked her why she wanted to fuck with me, and she said she didn't know, but there was something about me, something which attracted her to me that hadn't been there before, and she just couldn't help herself, she just had to fuck with me.

Of course, I can't guarantee it will work with all women but it worked for me, for as soon as we got back to her place, she dragged me in a hurry up to the bedroom, and there she ripped off my clothes, and then that girl of my dream licked my naked body all over and then she rubbed her wet pussy all over my face, and then she licked my cock, and then she rolled round so she was on her hands and knees on the bed, and she gasped out that she was dying for me to fuck her wet pussy from the rear.

I wasted no time at all, and I got behind her, and then I rubbed my cock all over the cheeks of her arse, and then I slowly slid the full length of my tool all the way into her wet cunt hole from the rear.

Yes, thanks to that product it was a dream come true, I was slipping my hot cock into the cunt hole of the girl of my dreams.

She gasped and sobbed with sexual glee as my prick banged in and out of her cunt, and then I started to really go to town, and even though I say so myself I gave her the fucking, the best fucking, of her life.

She heaved and she shouted and she begged for more, and I gave her all I could, and you know, that fabulous looking girl just about fainted with the pleasure of it all when my thick sperm jetted into the very limits of her lovely cunt hole.

I pumped her with all I had and then pulled out, wiped my cock on the cheeks of her arse, and then rolled round, and so did she, and she looked down at her cunt, smiled, and then she used the tips of her fingers to pull her cunt lips wide open, and she got a great deal of pleasure from watching my sperm bubble from her cunt and run out all over her fingers and then soak into the sheets.

Like I said, I'd never had any luck with women until I tried out ***Attractant,*** *with the pheromones in it. Once I had used that product then girls fell over themselves to get into bed with me.*

It worked for me, and I have no reason to doubt that it will not work for the majority of your readers.
G.B. Exeter.

Of course, we cannot endorse a product we haven't tried for ourselves, and Mr GB is merely expressing his own opinion of the product. However, if you wish to give it a try, then you'll find a full list of sex shop stockists int he pages of this magazine... editor.
